

Fall Protection Systems

SITE ANALYSIS : WHY YOUR COMPANY NEEDS ONE

Our 3 Stage Worksite Safety Analysis ensures the best fall protection solution in your workplace.

STAGE 1 : ANALYZE

- Collect data & measurements with video and images to ensure the proper solution at the best price
- Identify Obstructions or Concerns
- Inspect current Fall Protection for compliance

STAGE 2 : EDUCATE

- Is your current system OSHA/OHS/MSHA compliant, and what standards are you required to meet?
- Explain the importance of fall protection, and the cost/impact of a fall: lost time, insurance, medical bills, OSHA Citations
- Why FPS is the industry leader in fall protection solutions

STAGE 3 : SOLUTIONS

- Identify greatest risk and highest priority areas
- Establish a Ready to Order Quote
- The best solution to fit your individual needs; rigid rail, kits, swing aways, cable, etc.
- Assist in presentation of solution to your coworkers or managers
- Establish a timeline and begin order processing
